MEDIA STATEMENT

Central Australian Stolen Generations & Families Express Concern over Nuclear Waste Facilities on Traditional Lands

The Central Australian Stolen Generations and Families Aboriginal Corporation (CASG&FAC), on behalf of the Stolen Generations peoples of Central Australia, expresses its deep concern over the Commonwealth Government's decision to locate Nuclear Waste Facilities in the Northern Territory. The sites identified in Central Australia are on Traditional Aboriginal Lands.

There are still many members of the Stolen Generations who are searching for their family, their identity and their country. An important part of the healing process for members of the Stolen Generations, following successful family tracing, involves 'Return to Country'.

Placing Nuclear Waste Facilities on Traditional Aboriginal Lands in the Northern Territory will make it more difficult for members of the Stolen Generations to complete their healing. This will add to the Stolen Generations suffering and feeling of dispossession.

For more information, contact the CASG&FAC Office on (08) 8953 3899
